

Rotor Rain™ Mini Sprinklers

Low trajectory with large droplets. Robust, reliable and accurate.

FEATURES

- “C” frame design for maximum distribution uniformity.
- Full flow spinner suspended between two bearings for reliable performance.
- Colour coded nozzles for flow rate identification.
- Break-off spray deflector for close-in watering of immature trees.

APPLICATIONS

Vine crops and bananas, tree crops such as citrus and apples.

FLOW RATE

This product has been independently tested by the Australian Irrigation Technology Centre, report No A9010
